

Fedco Double-Curled Parsley

Open-pollinated. Double-curled parsley is very hardy with long, stiff upright stems. Holds color well all season, tolerates heat and repeated cuttings. Great for parsley pestos and as a garnish.

Prefers full sun. Space plants 8-12" apart. Clip leaves when needed. Parsley can be used either fresh or dried. To dry, wash clipped leaves and spread out shallowly on screens in a warm, airy place. When thoroughly dry, rub and store in jars.
