

Johnny's Standard Mix Organic Centaurea

Colors include blue, white, pink, dark purple/black, and some bi-colors. Performs as well as Choice Mix, but the stems are a bit shorter. Also known as cornflower, garden cornflower, and bachelor's buttons. Prefers full sun and soil with good drainage. Plants grow 30-38" tall spaced 6-9" apart.
Great for cut flowers.

Edible Flowers: Use the petals of this great edible flower for decorating desserts. Centaurea is also a popular choice for brightening up salad mix.
Flavor is bland and mildly floral.
